## **AED Announces This Year's 505 Award Honorees**

### *Annual Awards Program Recognizes Leadership in Economic Development in the Albuquerque Area*

**Albuquerque, NM** – Today, Albuquerque Economic Development, Inc., and the Albuquerque Forward Fund announced the honorees for the second annual 505 Awards, which recognize organizations and individuals that are making exceptional contributions to economic growth and prosperity in the Albuquerque metro area, resulting in improvements to the region's overall economic strength. The awards program is sponsored by True Health New Mexico.

"In this especially challenging year, we saw organizations and individuals come together in some truly inspiring and creative ways to support each other and our region," said Leean Kravitz, Chair of the Albuquerque Forward Fund. "This year's awards program will help us recognize those leading that recent, vital work as well as their longer term efforts to improve the lives of those in our community."

A call for nominations was released earlier this summer, and nominations were accepted from any source. To be considered, nominees were required to accept their nominations and provide follow-up documentation of their work.

The 505 Awards include three categories that honor the work of organizations:
