## Village of Los Lunas | New Mexico

Los Lunas is one of the fastest growing communities in New Mexico. This is no doubt due to our ease of doing business where we offer competitive incentives, and proudly boast a fast, 2-4-week maximum approval process for commercial and residential plans as well as building permits. Los Lunas may look like a small community but with over 2,000 acres of available commercial land across three business parks with direct access to two major interstates, there are big possibilities to be had here.
